AMMORTIZZATORI

La HYPERPRO produce ammortizzatori di alta qualità, sviluppati e testati su ogni moto. Tutti realizzati utilizzando i migliori materiali.

Il modello STANDARD ha 2 regolazioni (articolo 360 o 460). Il corpo è realizzato in Acciaio e gli attacchi in Ergal. E' regolabile millimetricamente nel precarico della molla (progressiva a più durezza) e nel freno idraulico di ritorno con ben 50 click.

La versione RACE ha 4 regolazioni. Oltre alle regolazioni della versione standard possiede anche una bomboletta separata con doppio registro del freno idraulico in compressione, sia alle alte velocità con 30 click che alle basse velocità con altri 30 click. Questi ultimi si possono avere in base alle esigenze costruttive con tubo e bomboletta separata (art. 361 e 461) o integrata nel corpo del mono (art. 463 o 467). Entrambi i modelli sono disponibili per le moto con doppi ammortizzatori.

OPTIONAL AGGIUNTIVI:

- Interasse variabile (art. LA) con + - 5mm
- Precarico molla idraulico (art. HPA)

Il mono si può avere con la caratteristica molla viola più sportiva o con molla standard nera.

Inoltre tutti gli ammortizzatori vengono prodotti su ordinazione in base ai pesi, alle altezze ed alle esigenze del cliente.

Tutti gli ammortizzatori hanno la certificazione ABE / TUV e sono coperti da 2 anni di garanzia.

SPECIALE ESA per BMW R 1200 GS / ADV '07/'13 - Disponibili i nuovi ammortizzatori ESA dotati di sistema "Plug 'n' Play", si installano velocemente connettendo lo spinotto Hyperpro al sistema ESA originale, senza dover intervenire ne sull'hardware ne sul software della moto.

AMMORTIZZATORI HARLEY DAVIDSON

La HYPERPRO produce anche doppi ammortizzatori di alta qualità specifici per Harley Davidson. Tutti realizzati utilizzando i migliori materiali disponibili.

I doppi ammortizzatori STANDARD hanno 2 regolazioni (articolo 360 o 460). Il corpo è realizzato in Acciaio e gli attacchi in Ergal. Sono regolabili millimetricamente nel precarico della molla (progressiva a più durezza) e nel freno idraulico di ritorno con ben 50 click.

La versione RACE ha 4 regolazioni. Oltre alle regolazioni della versione standard possiedono anche una bomboletta separata con un doppio registro del freno idraulico in compressione, sia alle alte velocità con 30 click che alle basse velocità con altri 30 click. Questi ultimi si possono avere in base alle esigenze costruttive con tubo e bomboletta separata (art. 361 e 461) o integrata nel corpo del mono (art. 463 o 467).

OPTIONAL AGGIUNTIVI:

- Interasse variabile (art. LA) con + - 5mm
- Precarico molla idraulico (art. HPA)

Il mono si può avere con la caratteristica molla viola più sportiva o con molla standard nera.

Inoltre tutti gli ammortizzatori vengono prodotti su ordinazione in base ai pesi, alle altezze ed alle esigenze del cliente.

Tutti gli ammortizzatori hanno la certificazione ABE / TUV e sono coperti da 2 anni di garanzia.

KIT DI ABBASSAMENTO

Da sempre le moto vengono progettate seguendo le misure standard dell'uomo, questo le rende adatte a gran parte degli utenti. Nel caso in cui la tua moto fosse troppo alta, HYPERPRO ha creato la soluzione adatta a te... Il Kit di abbassamento HYPERPRO ti permette di abbassare la tua moto da -10 a -100mm (le misure possono variare a seconda del modello di moto). Il Kit è composto da un set di molle forcella ribassate con 1 o 2 litri di olio forcella a densità specifica per la tua moto e da un set di leveraggi o da una molla mono con carico variabile che abbassa l'altezza sella. I kit possono anche essere ordinati e montati separatamente ma è sempre consigliabile montare il kit anteriore e posteriore per avere così un assetto perfetto anche se ribassato.

Con la loro alta qualità di materiali e lavorazione le molle sono garantite a VITA.

KIT RIALZO MOTO

Per alcune moto sportive soprattutto da pista l'HYPERPRO ha previsto un kit di bielle di rialzo della parte posteriore per avere l'assetto spostato più sull'avantreno dando un'impostazione di guida più "pistaiola" e pronta per la guida veloce. Si può abbinare al kit molle progressive rinforzate antiaffondamento sviluppate da Hyperpro.

IKON SUSPENSION

Nel 1967 nasce in Olanda KONI suspension (motorcycles division). In pochi anni diventa una delle aziende leader di settore producendo sospensioni facilmente regolabili anche dagli utenti meno esperti. Questo contribuì a rendere KONI una delle aziende di sospensioni più apprezzate al mondo. Nel 2000 la bike division dell'azienda decide di cedere know-out e produzione a IKON suspension che continua a sviluppare con passione e intensità il lavoro iniziato mezzo secolo prima, soddisfacendo con continuità gli appassionati con prodotti semplici e funzionali. La gamma di prodotti offerti è in continua espansione coprendo la domanda con una vastissima lista applicazioni più o meno regolabili per moto d'epoca, custom, ribassate, rinforzate ma sempre con il sistema idraulico brevettato "a doppio corpo" per la massima affidabilità. I doppi ammortizzatori IKON sono disponibili nella versione 7610 regolabili nella precarica molla con 3 posizioni e nel freno idraulico di ritorno con 4 click. Per alcune moto più diffuse è anche disponibile la versione 76 Basix che fornisce un ottimo rapporto qualità / prezzo, con lo stesso sistema idraulico del 7610 a doppio corpo fisso e regolabile nella molla. Bike on with IKON!

AMMORTIZZATORI 7610

I doppi ammortizzatori 7610 della IKON sono regolabili nella precarica della molla con 3 regolazioni e nell'idraulica con 4 posizioni ben distinte di confort. A richiesta sono disponibili anche con cappelli superiori cromati e molla cromata. Sempre più attenzione viene rivolta alla ricerca e allo sviluppo di nuove tecnologie che aumentino la sicurezza e il confort fisico di ogni pilota.

Guidando una moto si è esposti ad un range di rumore che varia tra 95 e 105 dB. La soglia massima di sicurezza del livello acustico è di circa 85 dB, oltre tale valore, secondo l'EEA (Agenzia Europea per l'Ambiente) anche un'esposizione di soli 15 minuti può danneggiare in maniera grave e permanentemente l'udito. Pinlock®, marchio leader nella progettazione e produzione di sistemi di sicurezza per la guida, ha sviluppato un'innovativa protezione auricolare intelligente, in grado di ridurre il livello del suono sotto gli 85 dB.

Grazie ad uno speciale filtro acustico, sviluppato e brevettato da Pinlock® in collaborazione con Dynamic Ear Company, innestato all'interno della struttura del tappo auricolare Pinlock® Earplugs, le frequenze sonore dannose e superflue vengono filtrate e riportate ad un livello di sicurezza per l'udito umano, lasciando però filtrare perfettamente solo i suoni utili come sirene, clacson, segnalatori acustici, cuffie auricolari e voci. Con questo speciale filtro si evita la fastidiosa e innaturale sensazione di ovattamento totale che si ha con i classici tappi per le orecchie.

VUOI RICEVERE SUBITO IL DISPLAY PINLOCK® EARPLUGS IN OMAGGIO?

Acquistando un kit da soli 15 pz. a €21,23 + IVA (sconto 40%) riceverete in omaggio l'attivante espositore Pinlock® Earplug Display

La corona ha anche un trattamento autopulente sulla superficie il quale contribuisce a dare una maggior durata di vita sia alla catena che alla corona. Anodizzate in vari colori (a seconda del modello di moto a cui sono destinate) e disponibili in varie dentature.

RADIATORE OLIO - OIL COOLING SYSTEM

Il sistema di raffreddamento dell'olio TWIN AIR raffredda l'olio facendolo passare in un tubo attraverso un radiatore a 3 camere. Il tubo di gomma di 6 mm massimizza la dispersione di calore e mantiene un'ottimale pressione dell'olio. Il sistema di raffreddamento TWIN AIR è montato dietro il radiatore sinistro e include tutto i componenti necessari per l'installazione. Testato dal Team Kawasaki Motocross MX1 nel campionato FIM Motocross MX1 2009.

CONDIZIONI GENERALI DI VENDITA

PREMESSA

Tutte le nostre vendite sono regolate dalle seguenti condizioni generali di vendita. Pertanto non sono accettate condizioni di vendita diverse.

ORDINI

La policy aziendale ci porta per ragioni di correttezza a non accettare ordini verbali e/o telefonici, vi consigliamo pertanto la massima chiarezza nella compilazione dell'ordine per evitare indesiderati ritardi. Gli ordini sono sempre da intendersi "salvo nostra approvazione", ci riserviamo quindi la facoltà di non accettarli senza la necessità di giustificazione alcuna. In caso di vostra errata trasmissione dati, non ci assumiamo la responsabilità di errate interpretazioni.

TERMINI DI CONSEGNA

I termini di consegna da voi indicati non possono essere considerati perentori o impegnativi. Gli ordini vengono evasi in ordine cronologico di arrivo presso la nostra sede entro 24h (tale tempistica è da considerarsi valida solo per prodotti in pronta consegna), pertanto eventuali richieste d'urgenza potrebbero non essere assecondate. La ritardata o parziale consegna della merce non può ritenersi un valido motivo per la recessione dell'ordine. Qualora ci fossero prodotti non disponibili al momento dell'ordine, sarete avvisati prima della spedizione, inoltre vi verranno segnalati tramite il modulo di rimanenza d'ordine contenuto nella spedizione e saranno spediti non appena torneranno ad essere nuovamente disponibili, previo avviso per eventuali aggiunte. È vostra facoltà richiedere l'annullamento totale o parziale della rimanenza d'ordine inviandoci una comunicazione scritta entro 2 giorni dalla data di avvenuta consegna.

TRASPORTO

Tutte le spedizioni e le consegne sono da intendersi franco fabbrica, quindi presso la nostra sede di Pesaro. Se non esplicitamente richiesto, ci riserviamo la facoltà di scelta dello spedizioniere. Vi consigliamo di verificare l'imballo, il numero dei colli ed il contenuto all'atto del ricevimento della merce così da contestare immediatamente al vettore eventuali irregolarità e/o danneggiamenti. Non potranno essere accettate contestazioni se non citate nel bollettino di consegna del corriere, scrivendo "si accetta con riserva di controllo" e corredate da foto esplicithe. Il costo del trasporto viene addebitato in fattura. L'imballo del materiale oggetto dell'ordine è gratuito. Vi verranno addebitate eventuali spese accessorie addebitateci dal corriere in caso di mancata consegna riconducibile a Vostra inadempienza.

PREZZI

L'instabilità dei cambi valutari, gli aumenti dei costi generali e delle materie prime potrebbero portare a eventuali aumenti di prezzo dei nostri prodotti. Di conseguenza, qualora non riuscissimo a comunicare tempestivamente eventuali variazioni a tutta la clientela si intendono validi i prezzi in vigore al momento di fatturazione delle merce e ciò anche in caso di consegne differite.

PAGAMENTO

Le condizioni di pagamento sono stabilite dalla nostra direzione commerciale. A nostro insindacabile giudizio può essere richiesto il pagamento anticipato, in contrassegno a mezzo contanti, assegno circolare o assegno bancario senza doverne fornire motivazioni. In caso di ritardato pagamento, qualsiasi sia il motivo, essendo una vostra incombenza vi verranno addebitati, oltre a tutte le

spese da noi sostenute e con un minimo di € 15,00 anche gli interessi di mora come disposto dal DLGS 9 Ottobre 2002 n.231. Saranno inoltre sospesi eventuali ordini in corso e consegne fino ad incasso totale di quanto a noi dovuto. La merce viene ceduta con la formula di “riserva della proprietà” rimanendo così di proprietà di **RINOLFI di Adriano Rinolfi**, sino all'intervenuta estinzione di ogni debito.

GARANZIA

La garanzia da noi prestata per parti da noi ritenute difettose all'origine, non andrà oltre la sostituzione della parte stessa e comunque non eccederà mai la garanzia prestata dal produttore. Non si assume nessuna responsabilità né diretta, né indiretta a cose e persone per uso dei nostri prodotti anche se ritenuti difettosi. Nessun tipo di garanzia verrà concessa in caso di montaggio eseguito da personale non professionalmente qualificato.

PRODOTTO

Nonostante l'attenzione riposta nel reperire le informazioni contenute nel catalogo, non ci assumiamo responsabilità per eventuali indicazioni non corrette. Controllare sempre il prodotto prima del montaggio. Non accetteremo contestazioni sul prodotto già montato e/o utilizzato. Alcuni dei prodotti sono riservati alle competizioni su circuiti privati e non aperti al traffico veicolare, da ritenersi solo adattabili ai marchi menzionati e non ricambi originali. Vanno installati da parte di personale professionale regolarmente abilitato a svolgere tale professione. Le foto contenute nei nostri strumenti di vendita possono essere solo indicative e non da considerarsi contrattuali.

RESI

Non verranno accettati resi o reclami per errato ordine o per errato invio trascorsi 5 giorni dal ricevimento della merce. Eventuali resi saranno da noi accettati solo previa autorizzazione del nostro ufficio commerciale alle seguenti condizioni: che giungano presso nostra sede in porto franco con regolare documento di accompagnamento, con imballo integro e originale. Verrà addebitato un costo di € 5,00 quale parziale rimborso per oneri amministrativi e logistici. I resi non autorizzati e non conformi a quanto sopra verranno respinti al mittente a suo carico.
